He asked the milk that you can only be used for drinking and not performing ablution. Hearing this milk at once changed its state to water and the meadow got its name Doodhpathri. The water which is at present flowing through the meadows has a milky appearance from the distance and remains very cold throughout the year. The lush green grasses over the vast meadows and silver shining streams running over the large stones further increase its beauty. Doodhpathri is sloping grassy landscapes with a diversity of multicolored flowers up to Chang. The famous Tosamaidan lies in the west of Doodhpathri.
